

THE ALL-NEW DACIA JOGGER: ORDERS OPENING AND PRICES FOR FRANCE

- **Up to 7 seats:** Dacia reinvents the family car with All-New Jogger.
- **3 December 2021:** orders start in France.
- **14,990 euros:** Jogger starts at an unbeatable price.

Family-friendly and versatile, the All-New Dacia Jogger takes the best of each world: combining the roominess of a minivan, the cargo volume of a sport tourer car, and the characteristics of a SUV.

The All-New Dacia Jogger is aimed at families looking for a new multi-purpose vehicle that will help make their life much easier. It is also suitable for adventurer seekers and outdoor enthusiasts who want to invest in a modern, dynamic, and practical car that can easily transport their sports or leisure equipment.

The All-New Dacia Jogger can be ordered from 3 December 2021, reaching dealerships from March 2022.

True to Dacia values, the All-New Jogger is the most affordable family car in the C-segment, giving customers a value for money that makes it unique in its category. Prices start from €14,990.

TRIM LEVELS

The All-New Dacia Jogger comes in three trim levels: **Essential**, **Comfort** and an **Extreme Limited Edition**.

Jogger is available in an opaque colour *Glacier White* as well as metallic finishes: *Iron Blue*, *Terracotta Brown*, *Comet Grey*, *Moonstone Grey* and *Pearl Black*.

To make the car even more attractive, Jogger is available from the launch date with an over-equipped **Extreme+ Limited Edition** with a €300 customer benefit. Based on the Extreme Limited Edition, this offer includes 3 extras: the Comfort Pack, the Europe Nav Pack and the spare wheel (except for the LPG version). It is available in the same body colours except *Iron Blue*.

POWERTRAINS

The All-New Dacia Jogger introduces the **TCe 110 petrol engine**, with a six-speed manual gearbox. This new, weight-optimised engine provides greater driving performance and produces 200N.m of torque.

Jogger is also available with **bi-fuel petrol-LPG engine** which provides a driving range of up to 1,000 km. With this ECO-G 100 engine, service intervals, maintenance costs and boot capacity are the same as with a regular petrol engine. Another benefit is that LPG vehicles can be registered free of charge in most regions (France). And of course, LPG fuel is about 40% cheaper at the pump.

5-SEATER OR 7-SEATER

With Jogger, Dacia offers a versatile and **modular vehicle**: 2, 3, 4, 5, 6 and 7 seats ... which offers up to 60 configurations on the 7-seater version, thanks in particular to the fully individually removable seats in row 3.

The 5-seater version offers a boot capacity of 708dm³ VDA (up to the top of the backrest) and even 1.819dm³ VDA with second row folded down.

The 7-seater version offers a boot capacity of 160dm³ VDA and 506dm³ VDA with the third row folded down.

ABOUT DACIA:

Born in 1968 then launched from 2004 all across Europe and Mediterranean countries, Dacia has always offered the best value for money cars, by constantly redefining the essentials. As a game-changer, Dacia proposes simple, multi-purpose, reliable cars in tune with its customers lifestyles. Dacia models became a reference on the market: Logan, the brand-new car at the price of a used one; Sandero, the most sold car to European private customers; Duster, the most affordable SUV; Spring, the champion of the accessible electric mobility in Europe. Dacia is a Renault Group brand, present in 44 countries. Since 2004, Dacia has sold more than 7 million vehicles.
